

Effective October 1, 2007, Seminole Heights Baptist Church instituted new policies regarding Youth workers for the Preschool. Because this is a teaching position that serves our preschoolers and their families, we want to ensure that we are allowing only servants whose lives show that that they are seeking to be more Christ-like every day. To this end, we are requiring the following of our Youth workers:

1) Youth workers will be required to submit the enclosed Service Recommendation form. This form can be completed by any of the adult leaders who teach youth on Sundays or Wednesdays.

2) Youth workers will be required to obtain their parents' signature on the Service Recommendation form.

3) Youth workers will be monitored by the adult that serves with them each month. The Preschool Coordinator (Ms. Julie) will gather feedback from the adult worker each month and address any problem areas as well as commend you for doing an outstanding job (example: explaining to a preschooler how a real-world example applies to the Bible story for the week).

Our purpose in instituting these policies is not to exclude anyone who wants to serve in the preschool, but to ensure your discipleship by those who lead you. Thank you for your willingness to serve and please let me know if I can pray for any needs you may have.

In His Service,

Ms. Julie
